

TED^x CulverCity

x = independently organized TED event

Culver City's most impassioned TEDx enthusiasts will come together this March 31st, for the 10th edition of TEDxCulverCity. Fascinating speakers will share their viewpoints on "A Brighter Future." This event will be a broad multi-disciplinary event and will feature live speakers, live music, snacks, and refreshments.

We will explore various aspects of this theme through talks about new ways of thinking, alternative perspectives, and innovative technologies that are needed to redefine our relationship with society to create a better world. The talks will challenge us to envision creative ways in which we can break away from conventional norms and re-imagine our relationship with ourselves and the world around us.

To keep the dialogue going, TED created TEDx - satellite events held around the globe year-round. Licensed by TED, a TEDx event provides local communities with an opportunity to bring people together to discuss ideas that change our world and share a TED-like experience.

As a not-for-profit event, TEDxCulverCity cannot happen without the help of supporting partners. Be a part of this exciting event and foster the spread of innovative thinking. Whether such support be financial or "in kind", there are lots of ways for you to join our team.
